What Our Program Graduates Say About *CareerReady!*

"It was an honor to spend time in such an optimistic environment." –A.R.

"The program helped me to prepare for getting a job, face my interviewing nerves, and be an advocate for my future." –C.N.

"It gives you a focus place, a place to learn about how to really prepare for getting a job. The biggest thing was getting my resume done. The resume template really helped. Thank you to my mentor who really helped me with my resume." –J.W.

"I really liked how class learning was structured and the way that the assignments were designed to help us learn about applying for a job. This made going to an interview a lot less scary." –A.A.

"Our story is always evolving. I'm a seasoned student. I didn't know the elements that went into a 30-Second Pitch or about my own transferable skills. There is no reason to limit ourselves." –V.W.
